### CRITERION I – CURRICULAR ASPECTS

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

College has a well defined and healthy mechanism of curriculum delivery. The college is affiliated to Punjabi University Patiala and follows the curriculum prescribed by the university. Our academic calendar is prepared as per the schedule of Punjabi University, Patiala. This academic calendar is displayed in the college campus on the notice boards, published in prospectus and uploaded on the website of college for the information of the students. The college organizes an orientation week for the fresh students to acquaint them with the new environment, academic calendar, various clubs, societies and their activities. Effective delivery of the curriculum is ensured by the active implementation of the time plan. The faculty members are encouraged to prepare an active plan for their classroom teachings of the entire year before the commencement of academic year. The HODs are directed to supervise and implement the same. The preparation of such a plan helps in engaging all the faculty members in carrying out the effective distribution of lectures. This helps in keeping the clarity of distribution of curriculum and timely completion of the course well before the start of the final examination at the end of the academic year.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained
<p>The college has developed a participative approach. For this, feedback from various stake holders including faculty members, students, alumni and parents, is collected by the college to help the individuals and organization as a whole. Feedback is collected at departmental and institutional level in which the views on the curriculum, teaching schedules, teaching tools, and student assessment outcomes are discussed for taking improvement measures. The feedback from the students is obtained at the end of the session / term. This helps the teachers to take quality measures and make further improvements in their teaching methodology for the betterment of students. Student's Grievances Redressal Committee also receives feedbacks from the students through the suggestion boxes installed at different places. Necessary measures are taken upon the grievances (if any). Students are also encouraged to give their</p>

reviews in the tutorials. Relevant suggestions are forwarded informally to different committees for taking up the necessary actions. Teachers give their feedback and suggestions during staff meetings being conducted regularly from time to time for more effective running of the college. Parents' feedback is taken during PTA meetings. Relevant issues are discussed freely in order to improve the institutional credibility. Feedback from Alumni is obtained at the time of convocation. Alumni Association also gives recommendations and suggestions during executive meetings and annual meet.

#### 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Our institution has a strong mentoring system in place where students have the opportunity to develop a relationship with a faculty members who can become a role model for the students by offering support and counseling. Institute admits students from rural and urban areas having different socio-economic backgrounds. When they come to the college, students face many emotional, behavioural, language barriers, thus they need mentors to help them to tide over these situations and be confident. It is important to increase the two way

interaction between students and teachers formally and informally. This enables the teachers to identify the slow learners and helps them to perform better in all aspects. It also helps to inculcate interest of students towards studies and thus reduces the dropout rate. 1. Orientation programme is organized in the beginning of the session to make new students aware about rules and regulations of the college. They are made aware of different societies, extracurricular activities and B.Com with vocational subjects. 2. To facilitate the student-teacher interactions, the tutorial system is running effectively wherein teachers act as tutors to a group of students to handle their emotional, academic and personal issues. 3. Teachers maintain interaction with students through individual meetings and networking mediums. All necessary information related to the student such as the contact numbers, emails are initially collected by the mentors through the students. Every Mentor has created a Whatsapp group of mentees. Thus mentors are available to mentees not only in college campus but also off the campus for any issue faced by them. 4. House Examination branch maintains the records of mid semester tests, attendance, seminars and class tests. Result analysis is done by the teachers. Weak students are identified and remedial/extra classes are taken to improve their grades for the end semester exams. 5. Subject faculty members help in solving the list of difficult questions provided by the students while preparing for competitive examinations. The senior students are also encouraged to be the mentors of their juniors.

### 2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

A well planned Continuous Internal Evaluation (CIE) system exists in the

college.Govt. Bikram College is a college affiliated to Punjabi University Patiala and adheres to the syllabus laid down by the University. Mid-Semester Test, Surprise tests, assignments, group discussion, Quiz competitions coupled with need based counselling are integral part of CIE system of the college which sharpen the minds of students and help to inculcate the habit of healthy competition. Our college conducts two Mid Semester Tests in every semester.

This means four house exams are conducted in each session. When evaluated answer books are distributed to the students in the class, they are encouraged to clear their doubts with the teacher. The students who miss their chance to appear in MSTs due to their participation in Sports, Cultural, NCC, NSS activities have been allowed to appear in special house exams. The Registrar's Office is responsible for conducting the House examination and complete record is maintained by this Office. The overall performance of the students is discussed by the Registrar with the Principal. Surprise tests orally or short question based keeps students on toes and apprise the students about their readiness towards the subjects. Surprise tests also let the faculty know about the communication skills and make students more confident. The teacher discuss with students their shortcomings and achievements. Slow learners are identified. These students get help by Remedial classes. Assignments and projects are also given to broaden the subject understanding among the students.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The institution follows the academic calendar of its affiliating Punjabi university, Patiala. In the beginning of the academic year, academic calendar is published in prospectus and uploaded on the website for the information of the students. It gives a time plan for the curricular as well as the extracurricular activities for the students. The college carries out effective planning to stick to academic calendar. This allows the teachers and the students to space out their teaching and learning and regular assessment of the same. Examinations are conducted at the end of each semester by the University. University notices and circulars related to the examinations from time to time are put on student notice boards, whatsapp groups and also verbally communicated by the faculty members through tutorial meets. As per the instructions mentioned in the syllabi internal assessment of students is prepared based on mid semester exams, attendance, assignments or projects and students are informed by the particular subject teacher about their performance. The identified slow learners attend remedial classes for better results. All the co-curricular activities planned in academic calendar are executed by respective committees.

**2.6 – Student Performance and Learning Outcomes**

## CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

### 6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The vision of the college is to materialize the motto Education for total formation. The college aims to orient the young minds towards, academic excellence holistic personality development social orientation to enable them to cope with the contemporary global scenario. Decentralization, Delegation and participative management are the significant hallmarks in the management of the college. Academic and administrative policies are designed and implemented under the enlightened leadership of the Principal. Faculty members contribute equally at all levels to ensure smooth functioning of the institution. In the beginning of the new academic session, the College Principal addresses a meeting of the college faculty to orient them about the new programmes and projects to be undertaken by the College. Various committees for carrying out these programme/projects are formed with the entire teaching faculty on board. The needs, problems and suggestions for educational and infrastructural reforms are discussed in staff meetings with other faculty members. Participative management constitutes the core of decentralized governance system being followed in the College. The Heads of the Departments, Conveners of various committees are fully authorized to take decisions while implementing their mandate or while preparing their programme schedules. The Heads of Departments, in consultation with other members of the department, are free to prepare the activity schedules of their departments and the ways to disseminate knowledge. Heads of Departments chalk out the time table, syllabus unitization, guest lectures, and other projects and plans to ensure quality of teaching learning in cooperation with other faculty members of the department. The college does promote a culture of participative management. The entire teaching faculty and members of the non-teaching faculty are made members of various committees for the all-round development of the college. Students are also involved as volunteers in all functions the college organizes. The members of the PTA, HEIS and ALUMNI are also kept in the loop about all the ongoing developmental projects in the college. The college has a well-structured set up with various functional committees. We are also having two important offices of the college i.e. Registrar Office and Bursar office. They assist the Principal continuously throughout the session. Bursar of the college assists the Principal in the management of the financial resources of the college and the Registrar of the College plays key role in the formation and maintenance of academic environment in the college. The principal interacts with government and other external agencies and faculty members on regular basis to make its working more effective. Students and non-teaching staff also join hands for effective execution of different academic, administrative, extension and extracurricular activities. Students, being the key stakeholders of the institution, are the part of the IQAC and their suggestions are considered for the quality initiatives taken by the cell.

 Title of Best Practice – Participative Management THE CONTEXT- GBC Patiala is a higher education professional institute with strength of about 1200 students and 30 staff members providing education in professional commerce stream of Graduate and Post- graduate programs. The practice of participative management is instrumental in reducing the workload of the head of the institution so that the head can concentrate on the effectiveness of college functioning. Moreover different student related issues need different solutions and they can be best handled in decentralized manner. The Principal must take the leadership role and own responsibility of work done in participative way. OBJECTIVES OF THE PRACTICE- Participative management forms the core of college activities and is among the best practices of the institution. The basic purpose is to achieve synergy in the working of the Principal, college administration, faculty, students and non teaching staff and to develop an efficient, transparent and consultative work culture. This practice is emphasized to handle the multifarious college activities with efficiency, to keep the staff and the students motivated to create among them a sense of belongingness with the institution. THE PRACTICE- The practice of participative management is to provide a real participation to teachers, non teaching staff and students. The senior teachers along with the Principal form the highest decision making body

namely "The college council". The Principal in the light of the policy guidelines and the vision and mission of the college conducts activities with the active support of the college council. There is a detailed distribution of work among teachers through different committees. All the college activities, scholarships, discipline, sports, cultural activities, proctorial groups, mentor groups and placements etc are administered efficiently through these committees. All related aspects such as planning, organization, financial sanction, spending of sanctioned amount, utilization of grants and reporting are done by these committees in accordance with set rules and procedures under the overall guidance of the Principal. The teaching learning activities are conducted in participatory way .The teaching departments are headed by HoD's. The office non teaching staff works in close collaboration with the principal and the teaching staff. The office staff provides necessary consultation to the principal and the college council in official and administrative matters. There is a good practice of involvement of students through their representatives in different activities. They are actively involved in planning, arrangement, conduct and reporting of the event. They take self initiative in organizing these events. The participative management is significant in providing opportunities for healthy growth of students and the staff ensuring their connectivity with the institution and achieving quality standards. EVIDENCE OF SUCCESS- The Participative management has been effective in administering different college activities in an efficient way. The working in the institution is a collaborative effort. Co-curricular and extension activities are organized in a planned manner. This practice is the key to make GBC Patiala a premier professional commerce institute in the area. 2. BEST PRACTICE - - MENTORSHIP TITLE- MENTORSHIP THE CONTEXT- The students in GBC Patiala come from different backgrounds that are suddenly ushered into an unfamiliar territory on many fronts. The students have several problems as they come directly after finishing their schools. The college life is totally new to them. The students at this stage need additional guidance. Our Mentorship program is required here at this stage . OBJECTIVE OF THE PRACTICE - GBC has a unique successful mentorship program .It is aimed at supporting the incoming adolescents to come on good terms with fellow students, course work and helping them navigate any other issues. This program is very useful for the new students who enter a new college atmosphere after attending twelve years of schooling. A group or a section of students is assigned a tutor/mentor who will be ever ready to help the students who are in his tutorial group. THE PRACTICE- The college begins its academic year by assigning mentors to each student .The mentors are steady for that year. Each teacher has approximately 80 students to monitor .The students meet their mentors on the assigned tutorial days but the mentors are available to the students virtually all the time. The mentors commit to a larger extent in the holistic growth and development of the students. The mentors counsel the students about their academic, emotional and other needs .As the primary stakeholder, the students are encouraged to share any learning problems being faced in class. The students interact personally with their mentors and share their problems. EVIDENCE OF SUCCESS- Any case of bullying, ragging or harassment is often first brought to the notice of mentor. The students are also free to contact their mentors if they have any problem outside the college hours also. The student issues that may be due to the communication gap with their parents are also resolved by the mentors. This program of mentorship has helped in making the students of GBC among the best adjusted in the college and then later in the society. PROBLEMS FACED- This program hinges on the commitment of teachers to go out of their way to help the new incoming students. Their endeavour is to help students to gain confidence on navigating through the new environment. This is a time intensive activity that often acts as a constraint. OTHER BEST PRACTICES - • Formation of Reader's Club in library. • Book Bank facility for poor and needy students. • Award to Best Library User.

### 7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Accessibility of higher education to common masses- GBC Patiala premier professional commerce institute has been rendering its services since 1947. The institution has been catering to the professional educational needs of urban and rural people of the area for about seven decades. It is providing higher education without compromising the quality aspect. It has been successful in achieving set quality benchmarks in studies, co-curricular activities, extension initiatives and infrastructural facilities. However in the present scenario, quality higher education is very expensive and is beyond the reach of economically weaker sections of the society. The students with very high percentage of marks have face hardships even if they manage to get admission in any higher education institute. GBC is proud of its institutional distinctiveness in working for the accessibility of higher education to common masses at nominal fees. It is committed to provide affordable quality education to differently placed socio- economic sections of the society in congenial environment. It functions in consonance with ground realities and ensures inclusive growth of all students. It is imparting broad-based education to students with wide range of academic, co-curricular and extracurricular activities at a very modest fee structure. It provides scholarships to eligible and deserving students so that they can afford their educational expenses. The institution is catering to students from surrounding rural areas and they have an easy approach to quality higher education nearby. These students are provided the facility of subsidized bus pass with the close collaboration of Punjab Roadways Transport Corporation (PRTC). The residential facility/ Hostel is provided to the students belonging to far off areas. There is a provision for free education to girl students which works as an incentive to parents to allow girls for higher education. Besides this the college Alumni Association provides monetary aid to the needy students. Thus the college is making concentrated efforts to make quality education affordable to students. Thus accessibility of quality higher education equally to all students in an equitable, fair and rational study environment for their holistic growth is the key distinctiveness of the college. The students imbibe the virtue of inclusive growth and support one another in their onward march of progress. The evidence of success is clear from the number of students appearing and clear the exams held by the Institute of Chartered Accountants of India (ICAI).
