## Action Taken Report

2019-2020

(Students' Feedback)

### Feedback Outcome:

- Although, most of the students had given positive responses regarding teachers' regularity in conducting classes, maintenance of discipline by the class teacher and teachers' ability to explain the subject matter but further improvement should be needed regarding this.
- There should be more awareness required among the students regarding benefit of NSS.

### Action Taken:

- Teachers are suggested to take classes as per their time allotted. If they are unable to take class due to any reason, they should inform at least one day prior to the students. Teacher also provides additional study material and notes to the students related to their subject as per their requirements.
- Special awareness programmes are organized by NSS department to aware students pertaining to NSS in order to have more participation in NSS activities.
